STEVEN SEAGAL SIGNATURE SERIES

"TEN SHIN" WALKING STICK

Steven Seagal found international acclaim for his action movies, but his first love is the world of Martial Arts. With a 7th Dan Black Belt in the art of Aikido, he is still a force to be reckoned with.

Steven showed Cold Steel's Lynn Thompson an oversized, custom walking stick of Steven's own design. Lynn saw its great potential, creating an exact replica in modern synthetic polymer that won't age, crack, warp or splinter. As Steven is a tall individual, it is the largest offering in Cold Steel's walking stick series.

OUT-OF-STOCK ITEMS:

To provide SMKW® customers with the first opportunity to purchase new and exclusive products, we often advertise products after the design phase, but prior to or during production. Many of our products are manufactured from natural materials and are made by hand. From time to time, an item may be temporarily out-of-stock because of our vendor's inability to get materials, problems with tooling, or other delays inherent in our industry. We understand our customers' frustrations when inventory is temporarily sold out. If you elect to purchase an out-of-stock item, we will immediately ship the balance of your order, with S&H charges based on the amount of your total order, placing the out-of-stock item on "backorder." When your "backordered" item is received (your Catalog Sales Agent will give you an approximate date), we will process your payment and ship the item to you with no S&H charges. SMKW® reserves the right NOT to back-order items that are no longer available to us from the vendor. Items advertised in our Catalog may not be available in our Retail Showroom.
