SXB (SKULLCRUSHER'S X-TREME BLADE)

Combat vet and survivalist E.J. "Skullcrusher" Snyder was failed by the knife that was his only piece of equipment for the 21-day "Naked and Afraid" challenge on the Serengeti Plains; this led to his quest for a blade he would not be afraid to trust for his survival. He wanted to design a tactical survival tool that is as tough, durable and dependable as he is. His two year journey culminated with this creation of his vision by TOPS®. Features: Black traction coated blade •Sawback spine •Full tang, flared with lashing holes •Strategic jimping •Black handles with Rocky Mountain Tread for a sure grip in all conditions •Triple screw rivets •Safety whistle •Glass breaker tip pommel •Lanyard hole •15-3/4" overall •MOLLE compatible, black ballistic nylon sheath with multiple carry options and utility pocket.

HOPPE'S®

Hornady®

Accurate. Deadly. Dependable.

CRITICAL DEFENSE®

Since their inception, conventional hollow point pistol bullets have performed well, but have never delivered 100% reliability, especially in self-defense

situations. The patented Flex Tip® technology used in Critical Defense® ammunition eliminates the clogging and inconsistency that often plagues hollow point bullets. Hornady® achieved this by using the same tip material used in LEVERevolution® ammunition. All CriticalDefense® ammunition is loaded in nickel-plated cases for chamber visibility.

CRITICAL DUTY®

AMMUNITION

Designed to meet the needs of those who demand superior barrier penetration and prefer a full-size handgun

for their personal protection. Critical Duty® is loaded with the tough Hornady® FlexLock® bullet that delivers "barrier blind" performance when shot through common urban barriers. The FlexLock® bullet incorporates two revolutionary Hornady® features to deliver superior barrier penetration and consistent performance in FBI tactical handgun ammunition tests (FBI Protocol). The patented Hornady® Flex Tip® design eliminates clogging and aids bullet expansion. A large mechanical jacket-to-core InterLock® band works to keep the bullet and core from separating for maximum weight retention, excellent expansion, consistent penetration and terminal performance through all FBI test barriers. Bright nickel-plated cases simplify chamber checks in reduced light.

GAMBLER'S HIDEOUT BOWIE by ROUGH RIDER

In the rowdiest Old West towns, toting a gun was often forbidden. Saloon patrons, especially gamblers, often modified firearms, termed "hideout" guns, that could be hidden but easily reached if trouble started. When that was not an option, a good knife like this one was the favored choice.

Features: 440A stainless steel blade •Thumb ridges •Stag handle •Brass finger-ring guard and pommel •Brown, black and brass spacers •12" overall •Leather belt sheath.

RR1688 **\$24.99** ea.

MARTTIINI OUTDOOR KNIVES

Marttiini is a leader in the manufacture of hunting and fishing knives. Janne Marttiini began as a blacksmith in Northern Finland in 1902, making scythes, axes, small tools and handmade knives. By 1928, his knifemaking skills and production methods were excellent and demand was strong. Today, Marttiini continues to use the best materials, technology and years of experience to bring you the best knife for any task. Features: Stainless steel blades with signature embellishments • Thumb ridges • Black rubber handles • Matte silver finish stainless steel guards • Leather belt sheaths.
